## ANNOUNCEMENTS

We are authorized to announce G. T. JOHNSON as a candidate for County Court Clerk, subject to the action of the Republican party.

We are authorized to announce FELIX BOWMAN as a candidate for County Court Clerk, subject to the action of the Republican party.

Exact figures are unattainable when it comes to enumerating the number of men now out of work in the entire country. It may not be as many as estimated by the Chicago Record-Herald. Whether there are as many as a million men wholly out of work may be doubted. But there is little question that the number is many hundreds of thousands. That it reaches more than a million, if there are included those whose wages have been materially reduced as the result of the present industrial depression, admits of no doubt.

This means a stupendous amount of human suffering and privation. It may be that many now out of work are not suffering because they have money saved on which they can live for a time. It is greatly to the credit of the American workingman that so far there has been so little disturbance. It proves that social stability in this country may be depended on so long as our working people are not subjected to too long a period of hard times. Whenever the time comes that a temporary period of depression is lengthened out into one of many months or possibly years, that patience will be exhausted and riots and bloodshed and a social upheaval of which no man can see the end, is inevitable unless safeguarded against in the ways advocated in the Golden Rule—Ex.

TAFT carries everything in sight in Kentucky, the Taft followers going rough shod over the Fairbanks forces, and compelling the latter, a many places in the State, to hold their "rump" conventions without which they would have been without a semblance of representation in the State Convention. The Fairbanks men are claiming fraud in wholesale measures. There are others besides the Music Hall Convention which has been one of the great war cries for the last eight years.

THE report sent out from Frankfort Wednesday that Caleb Powers and Jim Howard had been pardoned was a false alarm, but it was a sure forerunner of what will be. Powers and Howard will be pardoned and it will not be many days. No sane man has ever expected Gov. Wilson to do anything else but pardon them. It is a part of his political duty and the Governor's past record shows that he has usually come to the front in doing the political stunts.

THE Democratic Committee of the Eighth Congressional district has declared the Hon. Harvey Helm, of Stanford, the Democratic nominee for Congress. His record for the past two years has been clean and commendable in every particular, and with the experience thus gathered, he will be able to render most valuable service under that Democratic administration which is soon to come and with William Jennings Bryan as the chief executive.

## POLITICS AND POLITICIANS

Former Lieut. Gov. W. P. Thorne has announced his candidacy for delegate to the Democratic Convention from the Seventh district.

Democrats of Ohio met in convention Tuesday at Columbus. Bryan was indorsed.

The credentials of Senator-elect Bradley were presented to the Senate and ordered filed.

Alabama Congressmen have declined to lend aid to the movement to boom Gov. Johnson in that State.

Richard Croker in an interview in Dublin last night denied a report that he was going to New York to harmonize the Democratic differences in that State.

Democratic conventions held throughout Texas Monday very generally instructed for W. J. Bryan for President. A majority of the counties indorsed Senator Bailey for delegate at large.

The Taft men controlled the Republican district convention held in the Third, Fourth, Seventh, Eighth, Ninth and Tenth districts and instructed the delegates chosen to the national convention to vote for their candidate.

Gov. Wilson is hard at work studying the records of the Powers and Howard cases and a decision on the applications for pardons is expected Thursday or Friday. Rumor has it that the Governor will give both men their freedom.

In the Senate Wednesday Senator Foraker alluded to a report that Senator William Alden Smith had received from the President a letter in which the latter had announced his unchanged belief that the negro soldiers of the Twenty-fifth Infantry had been guilty of "shooting up" Brownsville, and he asked Mr. Smith to produce the letter if it had been received. Mr. Smith did not deny the receipt of the letter, but declined to make its contents public.

Upon motion of Senator Foraker the Senate Wednesday adopted a resolution calling upon the Interstate Commerce Commission to inform the Senate whether the commodity clause of the railroad rate law, which went into effect May 1, is being enforced, and whether, if it is not, the failure to enforce is due to an agreement between the railroad companies and authorities that the companies shall have immunity from punishment.

## Druggist Takes His Own Medicine

The man who sells remedies for most of the human ills, and hears day after day the opinions of people who have used these remedies, naturally comes to know the superior from the inferior, and when the time comes that he has to decide on which remedy he will take, he of course selects the one he has heard the most praise of. His own opinion, coupled with that of his customers', ought to go far in convincing the layman that the remedy the druggist selects is the best in the field.

J. M. Hawkins, a druggist of Mound City, Kans., has sold medicines for a great many years, and when finally he himself began to suffer from stomach trouble he had no hesitancy in deciding which remedy on his shelf he would take. It was Dr. Caldwell's Syrup Pepsin. Now, after having given it a good test, Mr. Hawkins writes us that it justified his high opinion and he is cured.

It was the same with Druggist Kennedy, of Lexington, Ill. He was not very robust, often had constipation and such troubles, so, going on what his customers who had used it told him, he took Dr. Caldwell's Syrup Pepsin and has been a well man ever since.

There is no better remedy on the shelf of any druggist or in all materia medica than Dr. Caldwell's Syrup Pepsin for obstinate constipation, dyspepsia, indigestion, flatulency, biliousness, diarrhea, jaundice and other liver troubles, whether the disease is in an infant, child, woman or man.

It is the best family laxative. It is gentle and effective, pleasant and sure. The proprietors guarantee it absolutely both as to purity and results to be expected. Usually one or two doses will bring about a complete change for the better, and as it is only 50 cents or \$1 a bottle sure relief can be had for a few cents. Buy a bottle so you can see what it will do for you.

## FREE TEST

Those wishing to try Dr. Caldwell's Syrup Pepsin can have a free sample bottle sent to their home by filling out the coupon. This offer is to prove that the remedy will do as we claim, and is only one to those who have never taken it. Send for it if you have any symptoms of stomach, liver or bowel disease. COURT OF APPEALS AFFIRMS.—The case of Hilton etc. vs. J. D. Hamm administrator sent up from the Rockcastle Circuit Court has been affirmed. The history of the case is, that Hamm was appointed administrator of young Helton, who was killed in the Louisville wreck about two years ago, when four of the Brodhead boys lost their lives. Helton's parents who are very aged claimed that Hamm used unfair means to secure his appointment as the administrator and a suit was instituted to have him removed but lost in the lower court and that decision has now been affirmed by the Court of Appeals. It is very probable that a new hearing will be asked.

Papers have been placed in the hands of the merchants and business mer of our place for the purpose of soliciting subscriptions to a fund for purchasing a mill site lot near Spout Spring. Individual citizens have already pledged \$115. The lot costs \$200. Owing to the many benefits that will accrue to the county as well as to the town it is thought the farmers and other citizens out in the county will be willing to contribute something toward the fund for paying for the lot. On the account of the establishment of this enterprize much more wheat will be raised throughout the county, as a ready market will be found for it. The grain will be ground and sold in the home market thereby keeping a considerable amount of cash in circulation in the locality that would otherwise be sent to foreign mills for flour and mill products. A good illustration is shown by the two mills at Walnut Grove, Pulaski county, where before a mill was established but little wheat was raised. Now the surrounding farms furnish enough wheat to keep the two mills busy the year around.

One of our citizens brought before the Town Board at its last meeting the subject of a curfew law requiring all children under the age of 16 to be off the streets and at home on or before 8 p. m. An ordinance to that effect will probably be introduced at an early date.

## JOHNSON ON ISSUES

MINNESOTA GOVERNOR OPPOSED TO EXPEDIENTY IN POLITICS.

### SPEECH AT LOUISVILLE

Is Given a Wonderful Ovation at the Jefferson Day Dinner in the Kentucky City—A Promise of Victory.

Gov. Johnson of Minnesota, who was a specially invited guest at the Louisville Jefferson day dinner, and who really made the principal address, was given applause commensurate with a man of his ability and his high station. He was cheered when he entered the banquet hall, the big gathering stood on its feet, cheered and waved napkins as he was introduced, cheered his dramatically delivered speech and gave him what must have been a most gratifying ovation as he concluded his prayer that the times might bring forth another Jefferson to teach the faith of him who has gone before and prevent the leaders of today from going off into the desert of unknown situations. He declared that he sometimes viewed with alarm the conditions of the present generation, but he believed in time to come all would be right and the principles of equality and justice and the Democratic party would triumph.

The latter part of the governor's speech was as follows:

"I realize, my friends, that on the grounds of expediency expediency is sometimes prone to temptation to do things which are not justified by the written law of the country. I believe that the written law of the country has a majesty which compels the allegiance of every man who lives under the government, and I should like to see the time come in this country again when we were willing to abide by the constitutional forms of government and not be ruled by those expediencies which change with the tides. I remember in the history of Henry of Navarre, that plumed knight who led the hosts from one camp to another fighting for a sacred cause. When he became king of France, on the ground of expediency, he renounced the old faith and took up a new which he had been fighting, and what became of the people by whom and with whom he had been fighting all the years of that turmoil and trouble? They disappeared as the dew before the morning sun and the Huguenot had to come to America to live.

"Expediency never got a nation anything, it never got a people anything, it never got the Democratic party anything. When the Democratic party, in its national convention, plants its cause upon the ground of expediency and adopts a platform based on expediency it cannot win and it ought not to win. What we want today is to go before the people with a patriotic, manly declaration and ask for the concurrence of the people in that declaration. The Democratic party has not always been worthy of Thomas Jefferson, but he has always been worthy of the Democratic party. He was worthy of it because he was not a weather vane in politics. He was there yesterday and to-morrow, and if the Democratic party is to build wisely and well, it will stand by Thomas Jefferson and the things he stood for and abate the wrong wherever it might exist.

"I know it may be a long road to the victory which we all want to see. If we have the patience to endure it, if we have the faith that ought to be in us, and if we have the intrepidity which ought to be characteristic of a Democrat we will get there. I remember a few years ago that I stood with my wife overlooking Puget Sound. I heard much of the place and I wanted to see it, first from the Mount Ranier side and then from the Mount Tacoma side. We went over there one of those misty days when the bay was overcast. We hadn't anything to do down town, and we went and stood and looked from Mount Ranier. A half hour, an hour, perhaps, had passed. We were about ready to give up and go back to town, when suddenly the clouds began to separate. My wife said to me: 'There is the mountain. I said, 'No, it is not in that direction; it is over here.' She said: 'You are mistaken; it is there.' I said: 'It is not; it is there,' and I said to the driver: 'Where is Mount Ranier?' He said: 'Over there.' I felt indignant. 'Suddenly the clouds began to break away, the gloom disappeared and the sun broke through and sent its slanting light down on the snow-capped peaks of the Olympic mountains, 150 miles away. We saw the glory of heaven reflected upon the mountains of Olympus, and they were greater and better and brighter than these over yonder. If we shall stand long enough and look for the sunlight to shine through the clouds of gloom and do our share to lift the clouds we will see the mountain of Olympus, and we will be able to get up there on the summit and look down into the caves of gloom where we once had lived, and we will see bright and glorious the heavenly triumph of the Democracy of a united nation."

When you think of indigestion think of Kodol, for it is without doubt the only preparation that completely digests all classes of food. And that is what you need when you have indigestion or stomach trouble—something that will act promptly but thoroughly: something that will get right at the trouble and do the very work itself for the stomach by digesting the food that you eat and that is Kodol. It is pleasant to take. It is sold by Chas. C. Davis.

## MAN THE NATION REQUIRES.

John A. Johnson the Ideal Occupant of the Presidential Chair.

As president, Gov. Johnson would have the qualities that might be described as logically and historically useful at this time, representing both in thought and by concrete achievement all of the progressive reforms to which the American people are now thoroughly committed. His personality and his methods are such that, coming into office after the strenuous and even terrifying political and financial experiences of recent years, he would be prepared to hold all that has been gained, restore an era of good feeling and smoothly and comfortably prepare the way for such additional advanced legislation as the times require. In a word, Gov. Johnson is precisely the kind of a leader the nation requires at this time, ready for new legislation to meet new needs, but careful and conservative in his methods. The same confidence-inspiring, vote-getting attributes that have made Gov. Johnson so popular in Minnesota that there is absolutely no question that he could carry the state as the Democratic presidential nominee will make him equally popular with the voters of the nation, once they have an opportunity to become acquainted with the man.

Every political campaign has its individual conditions. It is found in this contest that Gov. Johnson possesses a strength peculiar to him alone and by which he is certain to bring to the Democratic party upwards of a million votes in the middle west that have hitherto been Republican. This condition insures beyond a reasonable doubt victory for Democracy and Gov. Johnson in the following states: Minnesota, North and South Dakota, Illinois, Wisconsin, Iowa, Kansas, Nebraska, Colorado, Montana, Washington and Michigan.

### PLATFORM BROAD AND STRONG.

Declarations of Gov. Johnson All Democrats Will Indorse.

"The Man from Minnesota" believes in the "immediate revision of the tariff, to the end that articles now controlled in America by illegal and immoral combinations may be deprived of their tariff power to rob the community." He believes that tariff revision is one of the most important works for the correction of the abuses that are plaguing the country.

He believes that the maintenance of government by the people involves the least interference by federal power with the domestic affairs of the states consistent with efficient national administration.

He believes in the constitution. "For a president," he says, "to go outside the constitution, even to accomplish a beneficent purpose, is to enter the road that leads to the destruction of republics."

He is opposed to the government ownership of railroads, by state or nation, but, as his acts show, is a strong believer in just and rigorous regulation.

He is opposed to over-sea expansion. He favors "the peaceful consolidation of the continent from Panama to the Arctic circle."

He is opposed to great military establishments, but believes that the size of the American navy must necessarily be determined to some extent by the naval activities of other countries.

He is opposed to ship subsidies. "You can't kill combinations," he says, "but when they come in to crush the business of individuals they must be opposed as evils."

He believes in an income tax. He believes in the just and equal enforcement of law, and that the observance of the law is an incumbent upon the rich and powerful as upon the poor and weak.

### LEADER IN INSURANCE REFORM.

Whole Country Benefited by Action of Gov. Johnson.

Having had some valuable experience in re-organizing a powerful Minnesota insurance company, Gov. Johnson was well prepared to deal with the emergency which arose when the corruption and extravagance of the management of the great national life insurance companies was revealed in 1905. In November of that year, he wrote a letter to President Roosevelt, which placed him in the front rank of national leaders. In this letter the governor suggested a conference of governors and attorney generals to be called by the president at Chicago. The conference was held in the following February and Gov. Johnson, as its chairman and dominant figure, named the famous "committee of fifteen," whose recommendations were embodied in the law in Minnesota and in about a dozen other states.

While the momentous decision recently given by the supreme court in similar cases coming up from North Carolina and Minnesota may have the effect of invalidating some of the railway legislation secured by Gov. Johnson in Minnesota, the fact remains that he has done what he set out to do and secured the enactment of popular and beneficent legislation. If, as now seems probable, the epoch-making decision of the court in large measure transfers railway legislation from the states to the national legislature, it becomes of particular significance that one of the earliest acts of Gov. Johnson's career as a member of the Minnesota legislature was the introduction of a memorial to congress to extend the powers of the interstate commerce commission, a memorial which ante-dated the extension of those powers by some four years.

A great many people imagine they have heart trouble when the fact is that the whole trouble lies in the stomach. The pains in the side around the region of the heart are not necessarily heart trouble. We suggest that you start with the stomach and whenever you feel a depression after eating or whenever your food seems to nauseate take Kodol. It will not be very long until all these "heart pains" will disappear. Take Kodol now until you know you are right again. There isn't any doubt about what it will do and you will find the truth of this statement verified after you have used Kodol for a few weeks. It is sold here by Chas. C. Davis.

FOR SALE:—My farm of 200 acres in the Eastern part of the county, 180 acres in cultivation, 80 acres of which is in grass. Good buildings, splendid orchard, well watered and under good fence. Will sell at a bargain. Address, WILLIS ALLEN, Withers, Ky.

### RELIEF FROM RHEUMATIC PAINS.

Among the troubles that beset mankind rheumatism is one of the most aggravating. "I suffered with it for over two years," says Mr. Rollan Curry, a patrolman, of Key West, Fla. "Sometimes it settled in my knees and lamed me so I could hardly walk. At other times it would be in my feet and hands so I was incapacitated for duty. One night when I was in severe pain and lame from it my wife went to the drug store here and came with a bottle of Chamberlain's Pain Balm. I was rubbed with it and found the pain had nearly gone during the night. I kept on using it for a little more than two weeks and found that it drove the rheumatism away. I have not had any trouble from that disease for over three months." For sale by Chas. C. Davis.

New Jersey Republicans in convention at Trenton voted to send an uninstruted delegation to the Chicago Convention.

### COLDS THAT HANG ON.

Colds that hang on in the spring deplete the system, exhaust the nerves, and open the way of serious illness. Take Foley's Honey and Tar. It quickly stops the cough and expels the cold. It is safe and certain in results.
